Dev D is a modern-day interpretation of the classic novel "Devdas" by Sarat Chandra Chattopadhyay which has seen a number of filmic interpretations. Dev, Paro and Chanda of *Dev D* reflect the sensibilities, conflicts, aggression, and independence, free thought, exuberance and recklessness of the present generation youth that is jammed between eastern roots and western sensibilities. *Dev D* is set in the rustic and colorful Punjab and also explores the dingy, morbid, dark underbelly of Delhi.
