Jin wakes up from a nightmare of a traffic accident. It drives him to the very spot and witnesses an accident, which replicates his dream. He follows the police to the suspect's home and watches as Ran denies the hit-and-run accusation since she was asleep the entire night. Jin explains his dream to them and asks to be charged instead. Sorting through this unexplainable paradox, Jin and Ran discover a strange connection between the two: when Jin dreams, Ran unconsciously acts out his dream in her sleep. This discovery will link their lives in an irreversible way.
